Work

Senior Graphic Artist

Memory Portraits

June 2003 - Present

I use Adobe Photoshop and a Wacom tablet daily to restore and manipulate photographs. I am an expert in salvaging poor photos and creating composite images after more than 12 years of full time experience. My duties also include turning snap shots into simulated oil paintings. I use Adobe Premiere to create video slide shows and Adobe Creative Suite to create advertisements for print and web. www.memoryportraits.com
